ABOUT APP

At Associated Petroleum Products, Inc. (APP) our focus and passion has always been in serving our customers and our community with high quality petroleum products and services. Founded in 1972, APP has grown into a major full-service provider of fuels, propane, and lubricants serving the many varied markets across the United States.

Family-owned in its second generation and by staying true to our roots, we've earned our place by being voted into the Top 150 Privately-Owned Companies in Washington State, one of the Top Ten Fastest Growing Companies in the State of Washington, one of the Top Places to Work, one of the Top Propane Retailer Marketers in the United States, and voted Best in the Northwest Washington Family Business of the Year.

APP operates multiple locations in Western Washington, each featuring large quantities of above-ground fuel and lubricant storage and CFN® and Pacific Pride cardlock fueling facilities on-site or nearby. Moving large volumes of fuel, lubricants, and propane annually is accomplished by our modern and well-maintained fleet thereby ensuring our customers requirements are consistently met with on-time service.

"We work hard for our customers to earn our reputation for quality and integrity every day."

Please update w/ 2010

Fueling Success

Our customers' successes are fueled by our entire staff of qualified and experienced personnel. As a company we work closely together through all departments to achieve the desired end result of a job well done.
